

dormitory like the one that we did in 2016 commonly known as galaxy. This has been necessitated by the 100% transition where the school was given a 7<sup>th</sup> stream in 2018. The government built the classrooms and it is the responsibility of the parents to put up the dormitories. The PA and BOM had prepared for a fundraising in July 2020 but due to covid 19 pandemic it was shelved. The PA had a virtual meeting with form 1, 2 and 3 parents this term. In every form more than half of the parents attended the virtual meeting. Majority of the parents were in agreement that the dormitory project needs to be done because students cannot continue sleeping in the dining hall. Thus the students will be given a harambee cards to facilitate you in collecting funds for the project. In the PA meeting it was agreed that each parent contributes Kshs. 25,000 (twenty five thousand shillings). The said amount will be spread in instalments for the sake of parents who may not be able to raise it all at once.

The installments are as follows:

May, 2021	-	10,000.00
July 2021	-	5000.00
October 2021	-	5000.00
January 2022	-	5000.00

## **5. Students' Pocket Money**

The school has partnered with Cooperative Bank to help students manage pocket money via a prepaid card given by parents. Apply for it at any Cooperative Bank branch near you.

Requirements are:-

- (i) Application form available at any Cooperative Bank branch near you.
- (ii) Copy of parent/guardian's ID card/passport.
- (iii) Copy of parent/guardian's KRA PIN.
- (iv) Copy of student birth certificate

This will enable you parents to monitor your daughter's expenditure of her pocket money and when it is finished you just reload from home. No need of looking for people to send to bring money or shopping to school. Very convenient for you and your daughter. We have attached a brochure with more details.
